KAPPA SIGMA FRATERNITY AT MISSOURI UNIVERSITY OF SCIENCE AND TECHNOLOGY | FALL 2012

WHAT WE HAVE ACCOMPLISHED MATTERS

Thank You for Preserving Our Beta-Chi Legacy

Words cannot describe how proud I am to be a Kappa Sigma—especially a Beta-Chi. Thanks to your dedication, generosity, and commitment, over 280 of you helped make our brand new Chapter House a reality. There are several important phases going forward for Kappa Sig. First and foremost, for those of you who have not yet completed paying your pledge, please do so according to the schedule you outlined as soon as you are able. That money will not only help Beta-Chi pay down the mortgage, but will also help us begin to build a reserve fund for future Chapter House requirements and endeavors, including scholarships for our undergraduate members.

pledges to the capital campaign, our need for your annual donations is still present. Due to the various giving patterns of our members, we have found that two appeals each year are far more successful than just one. Many alumni choose to contribute each time they receive a solicitation, while others prefer to give a larger gift once a year. We also realize that, occasionally, members misplace their first appeal and the second one gives them another opportunity to support the Chapter. The contributions received as a result of these biannual appeals help sustain our overall alumni relations program and provide funds for a house maintenance reserve fund. We plan to begin this program in 2013.

Brothers from the 1976 Beta-Chi initiation class gathered at this year's alumni golf tournament. From left: Matt Christian, John Lodderhose, Ed Jantosik, Paul Conant, Tom Shilling, Jim Galaske, John Chance, and Glenn Mabie.

Although our capital campaign came to a close on October 13, our need for a connected alumni base has not. Our alumni relations effort is focused on providing various avenues for our members to stay connected and give back to the Chapter that gave them so much. It is designed to help our members stay in touch and to cultivate awareness and involvement in Beta-Chi.

Annual Support

Although many of you are still paying on your generous

We hope that through Kappa Sigma's alumni relations program your fraternal bonds will continue to be renewed and strengthened. We are always interested in hearing from you, so if you have any suggestions, alumni news, or ideas for articles or alumni events, please submit them to Beta-Chi Chapter of Kappa Sigma Alumni House Fund Association, P.O. Box 31611, St. Louis, MO 63131-1611.

I am very proud of what has been done and hope each of you has the opportunity to visit the Chapter House, meet the active members, and see for yourself what you helped accomplish.

109TH HOMECOMING ATTENDED BY MORE THAN 100 ALUMNI, UNDERGRADUATES, AND GUESTS

This year's 109th Beta-Chi Homecoming celebration was held at the Chapter House on Saturday, October 13, and was attended by well over 100 alumni, undergraduates, and guests. Rolla was blessed with perfect weather and the evening's activities kicked off with happy hour on the back patio, followed by a dinner banquet. At the conclusion of dinner, master of ceremonies **Pete Joyce '92** introduced his pledge brother, **Fred Neimeier '92**, as the 2012 Beta-Chi Hall of Fame inductee.

2012 HALL OF FAME INDUCTEE— FRED NIEMEIER '92

For Fred Niemeier '92 joining Kappa Sigma was a natural move. "The men of Kappa Sigma were leaders on campus. They were a group of guys who made things happen; it felt like a good fit." Fred exemplified the qualities of a leader both on campus and in the chapter. He served as the president of both Blue Key National Honor Fraternity and the American Foundrymen's Society on campus, as well as Inner Guard, Grand Treasurer, and Grand Master for Kappa Sigma. Graduating with a bachelor of science in metallurgical engineering, magna cum laude, Fred attended Harvard Business School to earn an MBA. He graduated from Harvard in 2000 with honors.

Fred is most passionate about leadership, one of the four pillars Kappa Sigma members aim to uphold. He says, "Leadership is about having a vision and getting others emotionally, intellectually, and physically engaged to achieve something outstanding. Great leaders can make the difference between mediocrity and excellence." Fred adds, "Management is about one plus one plus one equals three, while great leadership acts like flywheel, building positive momentum, allowing one plus one plus one to equal 50."

Fred is no stranger to success: he is the vice president and general manager for the Liquid Controls business unit within IDEX Corporation. Prior to IDEX, Fred was a vice president with Baird Capital Partners, a middle-market private equity firm. He and his wife, Jessica, also a graduate of Missouri S&T, have two children, Logan (3) and Inara (6 months). The family resides in Chicago, Illinois.

109TH HOMECOMING

(Continued from page 1)

Fred credited Beta-Chi for helping hone his leadership skills and pointed out to the undergraduates that the fraternity is full of leadership opportunities, such as executive officer positions and chairing committees. Fred challenged the undergraduates to not remain complacent or seek the easy path or the cushy position and to seek out challenges that will lead to professional and personal growth. Fred spoke of leadership skills being forged in a crucible, and attributed some of his greatest professional achievements to taking on difficult challenges that seemed almost insurmountable at the time. Congratulations to Fred for his well-deserved induction into the Beta-Chi Hall of Fame!

Proud Beta-Chi alumni with Hall of Fame Inductee Fred Niemeier '92.

Beta-Chi Proven Leaders Nationally and on Campus

Chapter Initiated 28 Men on November 5

The brothers of Beta-Chi are having another amazing semester. We are continuing to make last-minute additions to the Chapter House and truly make it feel like home. This is only made possible by the support given to us from our dedicated alumni, and we cannot thank you enough.

This past summer, Beta-Chi sent six delegates to the Kappa Sigma Western Leadership Conference in Las Vegas. Beta-Chi was presented with many awards, including Outstanding Grand Scribe to **Ben Prueter '10**, Outstanding Grand Master of Ceremonies to **William Davis '09**, Outstanding Grand Master to **Ryan Foshage '08**, Undergraduate Brother of the Year to **Ryan Foshage '08**, and the very prestigious Founders Award for Chapter Excellence for the second year running. Beta-Chi has shown in recent years that we are truly one of the elite chapters of Kappa Sigma.

Furthermore, Beta-Chi has a new master of the ritual, **Andrew Hennessey '10**, who is the fifth in Beta-Chi history. We are also, for the first time, sending a full ritual team to Conclave next semester to compete in the ritual competition, where members of the Chapter will perform a model initiation for judges.

Kappa Sigma's second place Greeksing performance featuring Ben Prueter '10, Ryan Foshage '08, Michael Worms '08, Zach Branham '08, and Nicholas Cochran '06.

Under the recruitment leadership of **Kyle Dibler '10**, the brothers of Beta-Chi have built on last year's recruitment success by initiating 28 honorable young men on November 5. I look forward to watching what they will accomplish in the years ahead.

This year, we have continued to show that Kappa Sigma is one of the top chapters on campus. Though we failed to repeat winning Greek Week, we placed second and only lost by five total points, the smallest margin in recent memory. In addition, we won second place in Homecoming for the second straight year.

Finally, thank you to our alumni who came to our Homecoming celebration on October 13. All of the brothers and new pledges had a great time meeting you, listening to great advice, and hearing great stories.
